

Supporting Diversity and Ecology

Although it was always our goal to focus on biodynamically, organically, and sustainably farmed and produced wines, we somehow realized that about 30% of the wines we selected also happen to be produced by female winemakers. These women who chose to express themselves through wine-making offer us wines with completely original nuances and a balance often unequalled by their male counterparts.

Region	Producers	Type	Female winemaker
Burgundy - Beaujolais	Domaine Marion Pral	Sustainable Farming	no
Burgundy - Beaujolais	Domaine du Moulin Berger	Organic	no
Burgundy - Maconnais	Domaine des Gerbeaux	Biodynamic	no
